EMAIL	info@meketid.com
BRAND	MEKET
DOCUMENT	Cookie Policy
VERSION	v01
DATE	20 April 2026
NEXT REVIEW	Before adding new analytics or marketing tools

1. FRAMEWORK AND SCOPE

This Cookie Policy describes the use by MEKET of cookies and similar technologies on the <https://meketid.com> and app.meketid.com websites and on the Progressive Web App (PWA) of the service.

This policy is in line with Article 22.2 of Spanish Law 34/2002 on Information Society Services and Electronic Commerce (LSSI-CE), with Regulation (EU) 2016/679 (GDPR), and with the Cookies Guidelines of the Spanish Data Protection Agency (AEPD), in their current version.

2. WHAT COOKIES ARE

A cookie is a small text file stored on the user device when browsing a website or using an application. Cookies allow the site or application to recognise the device, remember preferences, facilitate navigation, or analyse service use.

For the purposes of this Policy, other local storage technologies, device identifiers, tracking pixels, third-party scripts, and equivalent mechanisms are also considered cookies.

3. TYPES OF COOKIES USED BY MEKET

Cookies are classified according to the following categories recognised by the AEPD Guidelines:

3.1. By managing entity

- **First-party cookies** — managed directly by MEKET from its own domains.
- **Third-party cookies** — managed by external providers from their own domains, in accordance with their respective policies.

3.2. By purpose

- **Strictly necessary or technical** — essential for the operation of the service (authentication, session, security, load balancing). They do not require consent under Art. 22.2 LSSI-CE.
- **Preferences or personalisation** — remember user choices (language, region, appearance).
- **Analytics or measurement** — allow knowledge of aggregated user behaviour to improve the service.
- **Advertising or marketing** — manage the display of advertising and conversion tracking.

3.3. By duration

- **Session cookies** — expire when the browsing session ends.
- **Persistent cookies** — remain stored for a defined period.

4. SPECIFIC COOKIES IN USE

The detailed inventory of cookies used by MEKET, their specific purpose, duration, responsible provider and, where applicable, associated international transfers, is set out in the table below. This inventory is updated whenever a cookie or equivalent tool is added, modified, or removed.

NAME / TYPE	PROVIDER	CATEGORY	DURATION	PURPOSE
Authentication session cookie	Supabase	Technical	Session	Maintain the authenticated session of the user in the private area.
Technical session cookie	Vercel / MEKET	Technical	Session	Basic site operation, security, and load balancing.
Cookie consent cookie	MEKET	Technical	6 months	Record the user choice in the cookie banner.
Payment anti-fraud cookie	Stripe	Technical	Session / persistent	Fraud prevention during the payment process (only loaded in the checkout flow).
Acquisition identifier	Brevo (Sibforms)	Analytics	Up to 6 months	Identify the source of registration in the wait list form.

Note on the status of this inventory (v01): this list reflects the planned configuration of the service. The definitive inventory will be closed after the final technical review of actual cookies in all domains. Any addition of further analytics, marketing, or automation tools will require an update of this Policy and, where applicable, renewal of consent.

5. LEGAL BASIS AND CONSENT

MEKET requests the prior and informed consent of the user before installing cookies that are not strictly necessary, in accordance with Article 22.2 LSSI-CE.

Consent is collected through a cookie banner when first accessing the website. The banner ensures:

- clear and accessible information on the use of cookies and a link to this Policy;
- options with identical visual prominence to accept all cookies, reject all non-strictly-necessary cookies, or configure the choice;
- absence of cookie walls: access to the site is not conditioned on accepting non-necessary tracking;
- absence of pre-loading of non-necessary cookies before consent;
- permanent mechanism to review and modify the choice from the website footer.

6. HOW TO MANAGE COOKIES

The user may, at any time, modify or withdraw the consent given through the "Configure cookies" link permanently available in the website footer.

In addition, most browsers allow configuration of acceptance, refusal, or deletion of cookies. Users may consult specific instructions on the help websites of each browser:

- Chrome: support.google.com/chrome/answer/95647
- Firefox: support.mozilla.org/en-US/kb/enhanced-tracking-protection-firefox-desktop
- Safari: support.apple.com/en-us/guide/safari/sfri11471/mac
- Edge: support.microsoft.com/en-us/microsoft-edge

Important: blocking or deleting technical cookies may affect the proper functioning of the service, including the inability to maintain the authenticated session.

7. INTERNATIONAL TRANSFERS ASSOCIATED WITH COOKIES

Some of the tools associated with cookies may involve the processing of data outside the European Economic Area, particularly in the United States. International transfers are covered by the safeguards set out in the Privacy Policy (section 12), including the EU-US Data Privacy Framework adequacy decision and/or the Standard Contractual Clauses approved by Decision (EU) 2021/914.

8. RIGHTS OF DATA SUBJECTS

Users may exercise the rights of access, rectification, erasure, objection, restriction, portability, and withdrawal of consent in the terms set out in the Privacy Policy. They may also lodge a complaint with the Spanish Data Protection Agency (www.aepd.es) if they consider that their rights have not been respected.

9. CHANGES TO THIS POLICY

MEKET may update this Cookie Policy when required for legal, technical, or product reasons. Each update will be reflected through a version and date change and, where it affects non-strictly-necessary categories, a new consent will be requested before activation.
